PROFESSIONAL SUMMARY

A detail-oriented Junior Frontend Developer passionate about building functional, responsive, and user-centric web applications. Proficient in React, Tailwind CSS, and JavaScript, with a strong focus on clean code and performance optimization. Proven ability to take a project from concept to deployment, as demonstrated by a suite of personal and freelance projects. Committed to continuous learning and contributing to innovative tech solutions in Nigeria or remotely.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frameworks/Libraries:** React.js (Vite), Framer Motion, Lucide React
- **Styling:** Tailwind CSS, Responsive Web Design
- **Tools & Platforms:** Git/GitHub, Vercel, Netlify, Firebase, NPM
- **UI/UX:** Component-based architecture, Performance Optimization (Lighthouse)

KEY PROJECTS

Personal Portfolio Website | [Live Link] | [GitHub]

- Designed and developed a professional portfolio using **React** and **Vite**.
- Implemented fluid animations with **Framer Motion** and optimized performance by converting assets to **WebP**, achieving a high Lighthouse score.

- Managed content dynamically through a central data configuration for easy updates.

Gift Exchange Web App (Gifterly) | [Live Link] | [GitHub]

- Built a "Secret Santa" style platform allowing users to create randomized grouping activities for gift exchanges.
- Focused on state management and intuitive UI to ensure a seamless user experience during group creation.

Job Board Application | [Live Link] | [GitHub]

- Developed a responsive job board UI using **Tailwind CSS** to handle complex filtering and listing layouts.
- Integrated clean navigation and mobile-first design principles.

EXPERIENCE

August 2024 - December 2024

Front End Developer Intermediate Intern – FlexiSAF
- Collaborated with cross-functional teams to develop, test, and deploy features for internal and client-facing applications.
- Worked on enhancing user interface components using React.js and JavaScript, focusing on performance and responsive design.
- Participated in Agile development processes, including daily stand-ups, sprint planning, and code reviews.
- Gained hands-on experience with version control systems like Git and development environments.
- Assisted in debugging and troubleshooting application issues, improving functionality across various platforms.
- Contributed to writing clean, maintainable code while following best practices and company coding standards.
- Conducted research on new tools and technologies, helping the team adopt efficient solutions for project needs.

August 2023 - June 2024

Human Resources Specialist – *Truffle Careers and Resources*

- Managed various aspects of the human resources function at Truffle Careers, including recruitment, employee relations, performance management, and HR administration.
- Led recruitment efforts by sourcing, screening, and interviewing candidates for various job positions within the company, ensuring alignment with organizational goals and culture.
- Provided guidance and support to managers and employees on HR-related matters, including performance evaluations, disciplinary actions, and conflict resolution.
- Maintained accurate employee records and HR databases, ensuring data integrity and confidentiality of sensitive information.

June 2022 - August 2023

Front End Developer intern – **Teraboxx**

- Assisted senior developers in software development projects, contributing to coding, testing, and debugging processes to deliver high-quality software solutions within project deadlines.
- Conducted research and analysis on emerging technologies and industry trends, providing valuable insights and recommendations to inform strategic decision-making within the organization.
- Participated in Agile/Scrum meetings and ceremonies, including daily stand-ups, sprint planning, and retrospective meetings, actively contributing ideas and feedback to improve team productivity and project outcomes.
- Assisted in documentation efforts, including writing technical specifications, user manuals, and knowledge base articles, to facilitate effective communication and knowledge sharing among team members.
- Engaged in continuous learning and skill development, participating in training sessions, workshops, and online courses to expand knowledge and expertise in relevant technologies and tools.

June 2021 - May 2022

Admin Officer – *Metrospeed Dulux Colour Centre*

- Warmly greeted and assisted customers and visitors at the front desk of a leading paint company, providing information about products, services, and promotions.
- Managed incoming calls and directed them to the appropriate departments or individuals, effectively handling inquiries and requests professionally.
- Processed customer orders and transactions accurately and efficiently, using the company's sales and inventory management systems.

- Coordinated with sales representatives and warehouse staff to fulfil customer orders and ensure timely delivery of products.
- Assisted with administrative tasks such as data entry, filing, and document management, ensuring accuracy and organization of records.
- Collaborated with sales and marketing teams to support promotional events and campaigns, contributing to the company's sales and customer service objectives.

September 2020 - February 2021

Aetiv, Nigeria - *Email Marketing Developer*

- Developed and executed email marketing campaigns using HTML, CSS, and the leading email marketing platform, Mailchimp.
- Designed and optimized responsive email templates to ensure consistent rendering across devices and email clients, resulting in improved engagement metrics.
- Implemented automated email workflows including welcome series, drip campaigns, and transactional emails using marketing automation platforms like HubSpot and Marketo.
- Tracked key email marketing metrics using analytics tools like Google Analytics, generated regular reports, analyzed trends, and provided actionable insights to stakeholders for informed decision-making.
- Provided technical support to resolve issues related to email rendering, HTML/CSS coding, email authentication, and integration with third-party systems. Promptly troubleshooted and debugged email campaign errors to ensure seamless execution.

EDUCATION

September 2015 - February 2020

Ekiti State University, Nigeria – *B.Sc Chemistry*

LICENSES AND CERTIFICATION

Diploma In Human Resource Management (April 2023) - Udemy

Digital Marketing (July 2024) - Udemy

Complete React Guide(October 2024) - Udemy
